Re: District Boundaries

Dear Mr. Pedersen,

The City of Paramount has been in the 4th Supervisorial District of Los Angeles County for as long as we can remember. We feel very strongly that being in the 4th District is appropriate for our community and has served us very well. We share commonality of interests with neighboring cities in the District, are comfortable that our issues are understood and that we are well represented by the political leadership.

As you consider district boundaries, please take into account that Paramount would be avidly against our relocation to another District. We feel that the issues shared with our neighbors, and other similar concerns, make it imperative that we remain wholly grouped with the current make-up of the 4th.

Thank you for keeping our thoughts in mind in regards to this topic.
